BACKGROUND

Médecins Sans Frontières/Doctors Without Borders (MSF) provides life-saving emergency relief and longer-term medical care to some of the most vulnerable and excluded communities around the world. As an independent medical humanitarian organisation, we deliver care based only on need, regardless of ethnic origin, gender, religion or political affiliation.

MSF relies on donations from private individuals and organisations for the majority of its income. This private funding gives MSF the freedom to respond where the need is greatest and speaking out publicly when we witness acts of violence and unacceptable suffering, free from any political interference.

MSF has around 40,000 local and international staff working in over 70 countries, in some of the most challenging places in the world. Our medical humanitarian projects are supported by teams in 32 countries, including the UK and Ireland, spread across Europe, North and South America, Asia, Africa and Australasia.

At MSF UK/IE, we support our projects by building relationships with our supporters, increasing awareness of our work, raising funds, providing specialist medical expertise, catalysing change on medical humanitarian issues, and recruiting staff for field operations. MSF UK/IE personnel are dynamic, hard-working, enthusiastic and committed to MSF's values and aims.
