

Role Profile

Senior Adviser, Policy

About us

We supervise the island's financial services businesses - including financial institutions, designated non-financial businesses and professions and virtual asset service providers for anti-money laundering (AML), countering of the financing of terrorism (CFT) and countering proliferation financing (CPF) purposes.

We also regulate financial services for conduct and prudential purposes. The JFSC is one of the few regulators globally to benefit from the regulator and entity registries operating under a single financial services commission.

Division: Policy, Innovation Hub and Marketing & Communications

These teams align together to support both internal and external aspects of the JFSC. The Policy team keep domestic laws, regulations, and codes up to global standards. The Innovation Hub is a facilitator of technology adoption both inside and outside of the JFSC, supporting growth of Fintech, Regtech and Suptech. The Communications team delivers internal and external communications designed to support the JFSC in meeting its mission.

Team: Policy

The team is responsible for the development and maintenance of Jersey's financial services regulatory framework. This includes laws, Codes of Practice, and guidance that supports the financial services industry in its work.

The team works closely with other divisions within the JFSC, industry, the Government of Jersey, peer regulators, and international standard-setting bodies to ensure regulation is appropriate and does not unduly disadvantage Jersey's financial services industry.
